

PROVIDING FOR CONSIDERATION OF H.R. 3338,
DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2002

NOVEMBER 27, 2001.—Referred to the House Calendar and ordered to be printed

Mrs. MYRICK, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 296]

The Committee on Rules, having had under consideration House Resolution 296, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 3338, the Department of Defense Appropriations Act, 2002, under an open rule. The rule provides one hour of general debate divided equally between the chairman and ranking minority member of the Committee on Appropriations. The rule waives all points of order against consideration of the bill and provides that the bill shall be considered for amendment by paragraph.

The rule provides that the amendment printed in this report shall be considered as adopted. The rule waives points of order against provisions in the bill, as amended, for failure to comply with clause 2 of rule XXI (prohibiting unauthorized or legislative provisions in a general appropriations bill or prohibiting reappropriations in a general appropriations bill), except as specified in the rule. The rule further waives points of order during consideration of the bill against amendments for failure to comply with clause 2(e) of rule XXI (prohibiting nonemergency designated amendments to be offered to an appropriations bill containing an emergency designation).

The rule authorizes the Chairman of the Committee of the Whole to accord priority in recognition to Members who have preprinted their amendments in the Congressional Record. Finally, the rule provides one motion to recommit with or without instructions.

The waiver of all points of order against consideration of the bill includes a waiver of clause 4(c) of rule XIII (requiring the three-

day availability of printed hearings on a general appropriations bill), which is necessary because the printed hearings are not yet available and the bill may be considered on the floor as early as Wednesday, November 28, 2001. The waiver also includes a waiver of section 306 of the Congressional Budget Act (prohibiting consideration of legislation within the Budget Committee's jurisdiction, unless reported by the Budget Committee) because the bill includes a provision that falls within the jurisdiction of the Budget Committee that has not been reported by that Committee.

The waiver of clause 2 of rule XXI is necessary because there are several unauthorized and legislative provisions in the bill, which are listed in the report accompanying H.R. 3338 (H. Rept. 107-298). The description of provisions relating to transfers of funds and descriptions of provisions constituting legislation on an appropriations bill and unauthorized provisions can also be found in the report.
